Graduation Day Tips

Have your photos taken BEFORE OR AFTER the ceremony.

Graduands / Diplomands and family often think that they have to wait until they have their Degree / Diploma Scroll for photographs, this is not the case.... We have fake scrolls for the purposes of official Graduation photography.

The official photographer's photo booths are open almost two hours prior to the Graduation and after the Graduation ceremony, until the last Graduand / Diplomand are in the queue.

Visit the Photography admin desk and order your photography packages, complete order forms, make payment. Have your photos taken. If your family isn't coming until later, you can have your individual photos taken before the ceremony, then come back afterwards for as many photos as you like with your family and friends. (Remember, all posed studio photographs are compulsory to be purchased at the advertised price and the validity of stipulated price, which is TWELVE MONTHS FROM THE DATE OF YOUR GRADUATION. Find your seat at the ceremony early. You generally need to be seated at least 30 minutes before the ceremony starting time, depending on your institution. The photo booths are closed while the ceremony is in progress. The institution does not allow photography at this time and Graduands / Diplomands Parents are not allowed to leave the Graduation auditorium.

Enjoy!

Your graduation is the culmination of years of hard work, commitment and sacrifice. Make sure you relax and enjoy the day surrounded by your family, friends and fellow Graduands / Diplomands.
